

### **Tree Warden Update:**

An update from me for the meeting:

The Tree Council guidance is not to visit any trees for planning matters during the lockdown, so I am unable to see the trees in question. I have reviewed the planning application ref: BA/2020/0106/TCAA and do not have any comments on Ian Flatters' proposals.

When I am officially appointed as tree warden I would like to discuss ideas about potential tree planting in and around Salhouse with the opportunity of community and school engagement and involvement. I will prepare a presentation for the next PC meeting. The tree planting season starts November so we will have plenty of time to prepare.

It is wonderful to see spring blooming so well which I am sure is appreciated more than usual on our daily exercise during the lockdown.

Kind regards

James
